

GRACE PREP REQUIRED TEXTBOOKS: 2023-24 SCHOOL YEAR

NOTES:

- Students are expected to have all books prior to starting school in the fall. Please start in advance to allow several weeks for shipping.
- If an ISBN is listed for a particular book, you need to purchase that exact edition. Books can vary greatly from edition to edition. Teachers may refer to page numbers in the classroom or in FACTS homework, so you will want to have the same edition they have.
 - o ISBN-10 and ISBN-13 have been provided. You can search online using either number.
 - o Double-check to make sure your search has found the edition listed on the book list.
- It is important that you purchase new copies of *consumables* (workbooks, etc.). These books will have ***BUY NEW*** written by their titles in the book list.

BOOK-BUYING TIPS:

- Throughout the summer, GPA families can sell or trade their used books on our group Facebook page.
 - o If you would like to join the page, search on Facebook for **Grace Prep Student/Parent Newslink** and request to join. The page is open to GPA students, parents, and staff.
- www.DirectTextbook.com, www.DealOz.com, and www.GetTextbooks.com are search engines that compare prices from several hundred online booksellers, including Amazon Marketplace, Abe Books, Better World Books, Christian Book Distributors, and eBay.
 - o Search by ISBN, title, author, or keyword.
 - o The sites list all available books, and identify the best new, used, and rental prices.
 - o www.DealOz.com often lists current coupons and offers discounts if you use their app.
- Many online sellers offer free shipping on large orders or have coupon codes.
 - o www.RainbowResource.com has competitive prices and offers free shipping on orders over \$50.
 - o www.RetailMeNot.com maintains a list of coupon codes for various online sellers.
 - o www.BetterWorldBooks.com offers deals on bulk purchases of selected books (\$10 for 3, \$12 for 4...)
 - o www.ChristianBook.com is a great source for textbooks and often offers discounts or free shipping.
- Try getting creative on eBay: search by ISBN-10, ISBN-13, keywords, publisher, or parts of the title.
 - o Example: One parent saved 25% on an expensive book -- the parent found an eBay auction that used a shortened version of the book title and didn't show up in a standard search.
 - o **Buyer beware:** Carefully check the auction description to make sure the book offered is the correct edition. Confirm with the seller, if necessary.
- For certain books, you may need to go to the publisher's website to get the best (or only!) price.
 - o www.DynamicLiteracy.com (WordBuild workbooks for MS Language Arts)
 - o www.JacKrisPublishing.com (certain MS language arts books)
 - o www.iew.com (certain MS language arts workbooks). Also try www.ChristianBook.com for IEW books.
